9:00 – 9:10 a.m. CT

A Warm Welcome (Virtual and In-Person)

[Scott Lindahl](#), President, ISMA Board of Directors and Vice President, Corporate Services and CSO, Kellanova

[Ryan DeStefano](#), Director, Corporate Security, Keurig Dr. Pepper, Chair, June Planning Committee

9:10 – 10:30 a.m. CT

New Frontiers: Five Megatrends That Will Define Our Future (Virtual and In-Person)

[Eric Palomaa](#), Director, Hess Center for New Frontiers, CSIS

This session will explore the most important macrotrends shaping our world out to the year 2100 and provide decision makers with a deeper look at today's drivers of change and a toolkit to prepare for tomorrow.

10:30 – 11:00 a.m. CT

Networking Break (Virtual and In-Person)

11:00 – 12:00 p.m. CT

ISMA Business Meeting (Virtual and In-Person)

This session is only open to ISMA members ONLY. The Board will present its updated strategic plan and discuss the vision for ISMA's future.

12:00 – 1:00 p.m. CT

Networking Lunch (Whistler Room) and New Member Orientation Lunch

1:00 – 2:00 p.m. CT

Geopolitical Outlook: Serious Risks to Corporations in an Uncertain World

Jonathan Ward, Founder, Atlas Organization

In this session, Dr. Ward will provide an update on US-China strategic competition which continues to evolve; and a deeper dive on corporate risks and business risk case studies that are starting to become much more serious as geopolitical tensions rise worldwide.

2:00 – 3:00 p.m. CT

Navigating the Shifting Sands of Global Supply Chain Transparency

David Niccolini, Partner, Evidency

By mid-2025 to year-end 2026, market leaders will have successfully shifted from a compliance-driven check-the-box strategy to a transparency-driven business assurance solution. Technological advancements in risk management will allow this to become a reality without busting budgets. This presentation will arm the audience with valuable data about the market's current state, and provide strategic foresight into the coming evolution of supply chain risk management.

3:00 – 3:30 p.m. CT

Networking Break

3:30 – 5:00 p.m. CT

Workshop: Global Trends and Risks

Moderated by **Ryan DeStefano**, Director, Corporate Security, Keurig Dr. Pepper

Attendees will work together in small groups to discuss the most pressing trends and risks affecting global business in 2024. Small groups will report their discussions to the larger group. Topics covered include California WPV legislation; global election postures and risks; intellectual property protection/elevated risk locations; AI implementation; digital executive protection; supply chain security; deglobalization; among others.

6:30 – 9:30 p.m. CT

**Presidents Dinner
Shedd Aquarium**

Join your colleagues for an evening of dining and socializing while we toast our outgoing and incoming presidents. This is a chance to network with new and old connections and to relax after the first day of the conference.

Consulting
- We all have an incredible ability to activate the very best in the people
around us. Yet, research shows up to 85% of professionals lack the
emotional intelligence needed to do this consistently. Thus, the seemingly
never ending cycle of communication breakdowns and misaligned agendas
that come from confusing “people problems.” Drawn from behavioral
science, Dr. Nicole Lipkin provides a highly-actionable, practical
framework to transform individual, team and cultural dynamics by
illuminating the psychological drivers that motivate positive human
behavior.*
- *Leverage 6 psychological drivers for immediate positive change
and enhance trust.*
 - *Discover an evidence-based approach to ignite calm in times of
conflict.*
 - *See people and situations differently to positively influence those
around you.*
- 12:00 – 1:00 p.m. CT **Networking Lunch (Whistler Room)**
- 1:00 – 2:00 p.m. CT ***ISMA Member Panel: Security Organization Structure***
Moderated by [Roy Lemons](#), Chief Security Officer, International Paper

Panelists:

[Teri Tapella](#), Director Global Physical Security, Reyes Holdings
[Paul Herring](#), Senior Director Global Security, SC Johnson
[Geoff Shank](#), Divisional Vice President, Global Security, Abbott

No two security departments are structured or function the same. In this session, members will discuss the various ways in which security departments are structured at multinational organizations; the processes for building and restructuring; and gaining buy-in from other business leaders. Understanding the various ways to structure can lead to a path for better security.

2:00 – 2:30 p.m. CT

Networking Break

2:30 – 3:15 p.m. CT

Developing and Implementing a Global Risk Taxonomy

3:15 – 4:15 p.m. CT

Future Proofing Security

4:15 p.m. CT

Closing Remarks
